

## WHO WE ARE

We are Royal Canin—a pet food brand that is obsessed about the knowledge and health of individual cats and dogs. Founded in 1968 by veterinarian Dr. Jean Cathary, with over five decades of research and scientific discovery, we are determined to bring out the best health that resides in each and every pet.

## WHAT SETS US APART

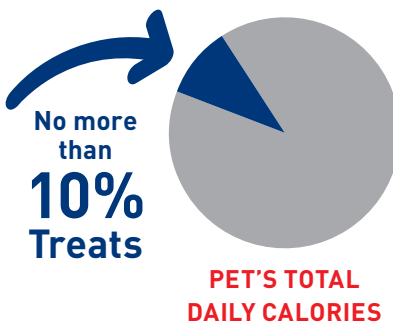

Once we identify a real need, nothing will stop us from developing nutritional solutions that will enhance medical treatment and address the specific needs of individual cats and dogs. Through partnerships with veterinarians, we strive to learn everything we can about pet health and how our formulas work with different breeds, sizes, lifestyles and therapeutic conditions. Stringent testing and quality control of raw materials and finished product allow us to continually provide precise nutritional solutions for pets across a host of medical conditions.

# Treats

TREATS ARE INTENDED TO COMPRISE NO MORE THAN 10% OF YOUR PET'S TOTAL DAILY CALORIES.

Be sure to ask your veterinarian which treats may be appropriate for other pets in your household.

ROYAL CANIN® VETERINARY DIET products are specially formulated for use in a dietary management program. If you have any questions or comments regarding these products, call Royal Canin Pet Owner Experience Advisors: 1-800-592-6687.

## TREAT THEM RIGHT

You love to treat your pet. It's part of the overall bonding experience. But if your pet is on a special diet, it can be tough to feed appropriate snacks. That's why our scientists have worked to create a line of nutritious treats providing you with guilt-free options to reward your pet.

ROYAL CANIN® Treats provide safe and effective treats for cats and dogs diagnosed with lower urinary tract disease, gastrointestinal upsets, sensitivities to food or for those pets that need weight management. This line of veterinary-exclusive treats complements specific ROYAL CANIN® therapeutic diet formulas.

Available  
for both cats  
and dogs
